

THE 1772 FOUNDATION

2020 Application

New Hampshire Historic Preservation Matching Grants

The 1772 Foundation has announced that funding in the form of 1:1 matching grants of up to \$10,000 will be made available for the following historic preservation projects: exterior painting, finishes and surface restoration, fire detection/ lightning protection/security systems, repairs to/restoration of porches, roofs and windows, structural foundation and sill repair/replacement, and chimney and masonry repointing.

To demonstrate the sustainability of historic sites, applicants will be required to submit a cyclical maintenance, condition assessment, restoration, or stewardship plan that has been prepared or updated within the last five years. If an appropriate plan does not exist, the Foundation will consider providing support for development of a plan on a case-by-case basis.

Funding will not be provided to schools or religious organizations.

The 1772 Foundation invites your organization to submit a full application on or before February 14, 2020 for consideration at its April board meeting. You will be notified no later than April 30, 2020 of the board's decision.

PLEASE USE THE NAME OF YOUR ORGANIZATION AS THE DOCUMENT NAME.

Project Information

Use space provided at the end of the application, if you wish to provide additional information about any of the following.

What building/project would this grant fund?

Has your organization successfully completed a capital venture of this size in the past? If so, give a brief description, including the amount raised.

What is the time frame for use of these funds?

Will this grant be enough to finish the project? If not, what is your plan for obtaining the necessary funds to complete this project? List matching funding sources and amount. Indicate: received, pledged or sought.

Narrative: The narrative should include a brief history of the site and a description of the project for which you seek funding, including measurable goals and objectives. The narrative should address the following:

- A brief overview of the structure's history and current use.
- What is unique or special about this structure?
- What is your organization's role in preserving this structure?
- Have you received all necessary permits for the project – Town, State, historic preservation easement provisions, etc.?
- Does the applicant organization have the capacity to use these funds wisely?
- Most importantly, make sure that your proposal explains why this project matters.

If you need additional space to complete the narrative, please use the following page.

Continue narrative.

Have you completed a cyclical maintenance plan? When was it updated and who prepared it?

How are you factoring climate change into your preservation efforts overall and into this project in particular?
